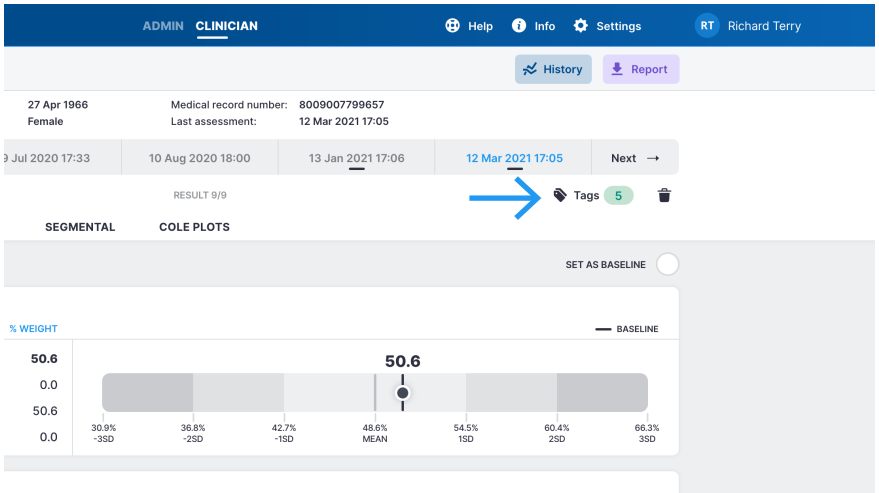
MYSOZO CLINICIAN
Tags

1

View Tags

1. Sign into MySOZO as a clinician
2. Select a patient and navigate to a measurement
3. Select "Tags"

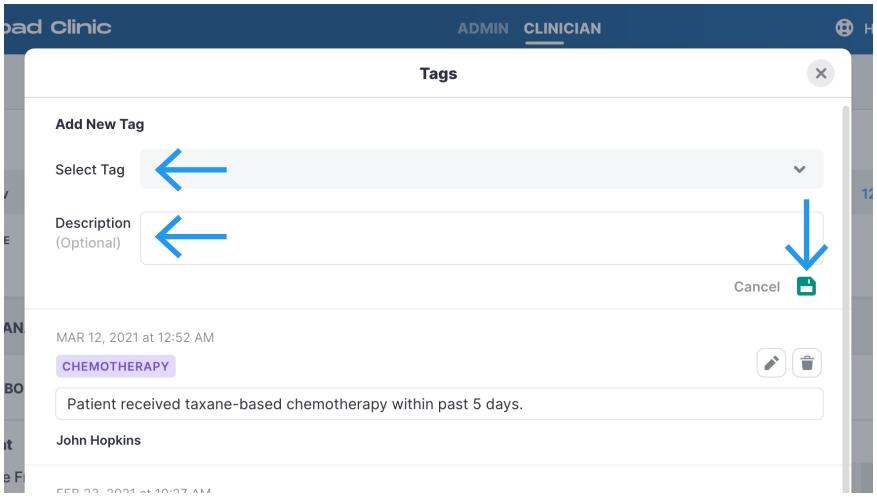


Please note: A tag must be first defined by an Administrator before it can be assigned to a measurement.

2

Add New Tag

1. Select a tag from the drop down menu
2. Add tag description (Optional)
3. Select save icon



Please note: A tag can be assigned to a measurement just once. Those that are already assigned will be disabled.

3

Edit or Delete a Tag

EDIT

1. Select the edit icon
2. Update the description
3. Select the save icon

DELETE

1. Select the delete icon
2. Confirmation pop-up will appear. Select "Delete" to confirm deletion.
