Part 2: Explanatory Memorandum

1 Introduction

This Explanatory Memorandum has been prepared for the information of Members in connection with the Resolutions that are to be considered by them at the General Meeting to be held at Tattersall's Club, 215 Queen Street (on the corner of Queen Street and Edward Street), Brisbane, Australia on 21 April 2008 commencing at 4:00pm.

This document is important and you should read it in conjunction with all of the information contained in this booklet, including the Notice of Meeting.

If, having read the Explanatory Memorandum, Notice of Meeting and accompanying material you have any questions regarding the Resolutions you are invited to contact Phil Auckland (CFO and Company Secretary) at any time on +61 7 3423 1777.

2 Resolution – 2008 US Equity Incentive Plan

2.1 Overview

The Company is focused on the creation of a successful medical device business in the United States. In October 2007 the Group acquired Xitron Technologies Inc based in San Diego. Beyond this, the Group is planning on building a significant US presence to commercialise the US market. To attract and retain employees, directors and consultants to the Group in the US it has been necessary to establish a new equity incentive plan that is compliant with US Securities and Exchange Commission regulations and which is sympathetic to US Internal Revenue Service regulations.

The Plan will provide an incentive to maximise the performance of employees, directors and consultants in the US.

2.2 Summary of the Plan

The Company has established the Plan in order to promote the long term success of the Company and the creation of shareholder value by offering employees and directors of, and consultants to, Impedimed, Inc., an opportunity to acquire Shares, with a view to encouraging them to continue to provide services to ImpediMed, Inc. and to attract new individuals with outstanding qualifications.

The Plan provides for the offer of Options and/or Shares to eligible participants.
The Plan will be administered by the Board or a committee of the Board, which has the discretion to offer awards to any employee or executive or non-executive director of ImpediMed, Inc. or any consultant who provides services to ImpediMed, Inc. The Board or committee (as applicable) has the discretion to make all decisions relating to the Plan, including eligible participants and any relevant vesting requirements or performance conditions.

No Shares or Options have yet been offered under the Plan. It is intended that the Plan will be utilised primarily for the purpose of offering Options.

The Plan is effective for a period of 10 years from the date of its adoption by the Board (29 January 2008) (unless terminated earlier by the Board) and provides for the issue of a maximum of 4 million Shares. The Plan has been adopted in addition to the Company’s existing performance share plan and staff option plan and does not affect the number of Shares available under those plans.

The Board may amend or terminate the Plan at any time and for any reason, subject to obtaining Member approval (if necessary). Any amendment or termination shall not affect any awards previously granted under the Plan.

**Options**

The Company may issue Options by entering into a stock option agreement with a selected participant. The exercise price of an Option will not be less than the fair market value of a Share on the date of grant of the Option. The fair market value is the volume weighted average price of Shares sold on ASX on the three business days immediately preceding the date of grant of the Option.

The term of an Option will not exceed 10 years.

The Board intends to issue Options on terms consistent with market practice for organisations similar to the Company.

Options will not be quoted on ASX and may not be transferred. Shares issued on the exercise of Options may be issued subject to transfer restrictions.

The stock option agreement will specify any conditions for the vesting of an Option and may provide for accelerated vesting in the event of the Option holder’s death, disability, retirement or other events.

Unless the stock option agreement provides otherwise, unvested Options will lapse when a participant’s service is terminated for any reason. If service is terminated for cause (for example, fraud or dishonesty), vested and unvested options will then lapse. If service is terminated due to death or disability, vested Options (only) may be exercised for a period of 12 months following termination and in the case of termination involving other circumstances, vested Options (only) may be exercised for a period of 30 days.

The Board (or the Board committee appointed to administer the Plan) has an overriding discretion to accelerate the vesting or extend the post-termination exercise term or waive restrictions of awards at any time and on such conditions as it deems appropriate.
The terms of Options issued under the Plan are subject to adjustment in accordance with the Listing Rules in the event of any reconstruction of the Company’s share capital. Holders of Options have no right to participate in rights issues in respect of the Shares underlying the Options until the Options are exercised.

**Shares**

The Plan permits the Company to provide awards in the form of Shares which may be issued immediately for cash or for no payment or in the form of ‘stock units’ which provide for the issue of Shares for no payment on the satisfaction of conditions which may include the lapse of time or the satisfaction of performance requirements specified in the relevant stock unit agreement.

The stock unit agreement may provide for accelerated vesting in the event of the participant’s death, disability or other events.

Unless the stock unit agreement provides otherwise, unvested stock units will lapse if a participant’s service is terminated for any reason.

Stock units may not be transferred.

Shares issued under the Plan may be issued subject to transfer restrictions.

The Board (or the Board committee appointed to administer the Plan) has an overriding discretion to accelerate the vesting or waive restrictions of stock units at any time and on such conditions as it deems appropriate.

**General**

Where the Company is subject to a change of control event, all options and stock units awarded under the Plan will vest. A change of control event is generally where a takeover bid, scheme of arrangement or other offer is made to acquire substantially all of the Shares or a person, or a group of associated persons, obtains the relevant interest in sufficient Shares to give it or them the ability, in general meeting, to replace all or the majority of the Board in circumstances where such ability was not already held by a person associated with such group of associated persons.

Participants must make arrangements satisfactory to the Company for the satisfaction of any withholding tax obligations.

### 2.3 Regulatory requirements – general issues under the Plan

Under Listing Rule 7.1, subject to certain exceptions, a company must not issue more than 15% of the company’s total issued capital without shareholder approval. An exception is provided in Listing Rule 7.2 (exception 9) where holders of ordinary securities approve the issue of securities under an employee incentive scheme as an exception to Listing Rule 7.1.

The Company seeks approval of issues under the Plan in order to preserve its capacity to issue up to 15% of its issued capital without Member approval by allowing the Company to exclude any Shares, Options or Shares issued pursuant to the exercise of Options under the Plan from the 15% calculation.
Approval for the issue of Options and Shares under the Plan is sought by way of an ordinary resolution to satisfy the requirements of Listing Rule 7.2, exception 9. If Resolution 2 is passed, the Company may rely on this exception for issues under the Plan during the period of three years from the date of the General Meeting.

2.4 Directors’ recommendation
All Directors recommend that Members vote in favour of this Resolution.
