We acknowledge the corporate benefits arising from a commitment to diversity.

1.2 Who this policy applies to

This policy applies to all directors of the Board, as well as all other officers, employees, contractors, consultants and associates of the Company. It is essential that you are familiar with this policy, which is available on the Company's website.

1.3 Implementation

The Board has the role of overseeing the implementation of this policy and assessing progress in achieving its objectives.

2. What Diversity Means To Us

2.1 What is diversity?

Diversity refers to characteristics that make individuals different from each other. Diversity encompasses differences in backgrounds and experiences, and also differences in approach and viewpoints. It includes factors such as gender, age, ethnicity, marital or family status, religious beliefs, cultural background, socio-economic background, sexual orientation, gender identity, sexual preference, language, disability and other areas of potential difference.

2.2 Gender diversity

ImpediMed has a commitment to gender diversity and the fundamental principle that gender is not a barrier to participation in our workforce, management, senior executive and on our Board. Our leaders are committed to providing opportunities that allow all staff to reach their full potential, regardless of gender.

2.3 Board and senior executive diversity

At ImpediMed, diversity of gender and background are two important criteria we take into account in developing our succession plans and appointment processes for our Board and senior executive positions. However, other selection criteria, in particular business acumen and industry experience, are also fundamentally important. The Board will determine and monitor our succession plans and appointment processes with the aim of achieving our diversity objectives, in particular regarding a balance in the number of women in senior executive positions and on the Board.

2.4 Ability not disability

When we employ and promote people, we consider ability and not disability. We aim to create an inclusive environment that supports people and removes artificial barriers from the workplace.

3. How we Promote Diversity

3.1 Steps we are taking and measurable objectives

ImpediMed is committed to an inclusive workplace that embraces and promotes diversity as part of our corporate culture. In order to have an inclusive workplace, discrimination, harassment, vilification and victimisation cannot and will not be tolerated.

ImpediMed retains the aim of increasing the percentage of women in senior management positions and the number of women on the Board and promoting the principle that the employment of women should be dealt with on the basis of merit.

Our policies and procedures will ensure that promotion of diversity within the workplace and our management teams will be made aware of the policies that exist within the organisation to promote diversity within the workplace. For example
